

To Whom It May Concern:

My name is Christina Weiland, and I have been working with lia Sophia for the past 19 months. I would like to tell you what lia sophia has done for myself and my family.

Being in the direct sales field has been a dream come true for our family. Lia Sophia has given me the opportunity we've always dreamt of as a family, a stay at home mom and this is my FULL TIME CAREER. Lia Sophia has taken us many steps forward within this past year, and we are able to do what we would like to do as a family and financially not have to worry about it.

I can honestly say, we have not been a happier family since the direct selling company, lia Sophia has come into our life. We are now building a dream house we never thought possible, I'm a stay at home mom, with a career I've always dreamt of, traveling like we were never able to do in the past and take our kids to Disney and make their dreams come true.

I beg you, please do not change what we have going for us in our direct selling industry. This is the most incredible, and ethical company we've come in contact with and are devastated these changes could break our family apart, and we could lose everything we've been working so hard to get!

I can honestly say I have a large team built up in the past year, and all my team members are the best!! We have developed great friendships and well and a bonding career.

Again, I beg you, please do not destroy a good thing we have here due to the troubles of a few unethical people out there that try and destroy it for everyone.

Please take into consideration all the letters you do receive from all of us, and try to look at things from our view and our life. How would you feel if you had a good thing going for you and someone walks in to rip it right out from under your feet when you worked so hard to get it!!

Thank you for your time in this matter!

Sincerely,

Christina Weiland
